

Mid-West Tech, Inc.

## CORPORATE ENVIRONMENTAL POLICY STATEMENT

### **Objective**

Mid-West Tech, Inc. (MWT) recognizes that, as a gift to mankind, we need to be good stewards of our natural resources. We are committed to preserving the environment and to minimizing any adverse impacts associated with our activities. This commitment will require the continuous improvement of our operational methods and working practices, including the adoption of reasonable environmental practices and systems.

### **Policy**

We will strive for continuous improvements of our objectives by:

- Operating at all times in accordance with all relevant legislation and laws. Employees are required to adhere to this Policy and environmental procedures for their activities within MWT.
- The education of our workforce to ensure continuing awareness and sensitivity to environmental issues.
- Engaging with customers, suppliers, contractors and regulatory authorities to encourage a co-operative approach to minimizing environmental impacts.
- Investing in clean technologies, fuel-efficient vehicles, recycling, environmentally friendly cleaning products, etc. where possible.
- Monitoring our environmental performance to establish benchmarks for continuous improvement.
- Encourage use of public transportation, where possible.
- Periodic review of the policy, practices, and objectives, and to make appropriate adjustments.
