

Remember to Include These Courses in Your 2010 Summer Plans!

Learn some of the industry's most exciting software programs while you earn continuing education credit!

Thanks to a unique partnership, you can take Mid-West Tech's classes at Yankton's Regional Technical Education Center (RTEC) and earn credits from the College of Business and Technology at Black Hills State University.

Choose from Mastercam, SolidWorks and Chief Architect! Or choose all three!

Mastercam X⁴ - 1.0 credit (Mon. & Tues., June 28 & 29, 2010)

Take this course and you'll see why it's been the programmers' choice since 1984. Schools, universities, big and small companies in every industry trust the most widely used CAD/CAM software in the world. As pioneers in CAD/CAM for over two decades, Mastercam continues to set the pace for the industry. Find out what it can do for you! Cost is \$395 plus tax (not including costs for credit).

- 1.0 credit (Weds. & Thurs., June 30 & July 1, 2010)

Take this course and learn why SolidWorks is the leader in 3D modeling software. Because the SolidWorks Corporation recognizes that today's students are tomorrow's industry leaders, it is committed to providing the most innovative resources for learning and teaching CAD to students and educators worldwide. The possibilities are endless! Cost is \$395 plus tax (not including costs for credit).

Chief Architect® - 0.5 credit (Fri., July 2, 2010)

Find out why this is one of the easiest architectural CAD software packages you'll ever use. Chief Architect makes it easy for you to visualize your design ideas for a home or remodeling project. Move a wall, add a room, redesign a kitchen, change materials, estimate costs - all before you build. (Cost is \$195 (not including costs for credit).

Lunch will be provided each day! Registration deadline is June 18, 2010.

To register, please contact RTEC at:

1200 W. 21st St. - Yankton, SD 57078
